# HOUSE VOTES FOR CONSCRIPTION

## German Line Turned; Haig Opens New Drive

### S. P. FERRY WALK-OUT TONIGHT IS IMMINENT

Representatives of Engineers, Deck Officers and Railroad Stand Firm Upon Demands

#### NORTHWESTERN PACIFIC AFFECTED BY DIFFERENCE

Key Route System to Handle Commuters for Road During Existence of Disagreement

The marine engineers today decided to ask Mayor Rolph to mediate the differences between the men and the employers. Shortly after noon the mayor declared that if called upon he would act.

With representatives of deck officers and engineers of Southern Pacific ferryboats standing firm in their demand for similar working and rest hour privileges as are now being enjoyed by the employees of the Key System, the railroad boat service refused to concede to the demand of its employees, transbay traffic of this one service will be suspended at midnight unless sudden change takes place in the meantime.

Several conferences were held today by officials of the Southern Pacific, but nothing developed that lends encouragement to the hope that ferry service can be operated tomorrow. A census of the employees is being taken to find out just how many have sent resignations. It is possible that an attempt will be made to operate some sort of service Monday, if it is found that a sufficient number of officers have withheld resignations, and will work.

#### "KEY" TO HANDLE TRAVEL

At noon today, according to an announcement by the Southern Pacific, commuters may present their monthly tickets at Key Route windows and receive Sunday traffic passboards in return, good in all of the Key System ferries. In the event of a longer strike, all April Southern Pacific tickets may be exchanged for Key travel. The sale of S. P. commutation books for May will not be made until the situation is cleared.

Not only will the Southern Pacific ferry system be tied up, but the Northwestern Pacific system will be compelled to operate under disadvantage. In all, 400 men are affected and thirteen ferryboats. Of this number 70 are engineers and 125 are deck officers.

#### THE MEN DEMAND AN ARRANGEMENT

giving them 12 hours on duty and 24 hours off. This means additional expense to the transportation companies.

#### KEY ROUTE'S ATTITUDE

Concerning the Key Route's attitude toward assisting in handling traffic, W. B. Silber, vice-president and general manager of the Key System, said:

"If the threatened tie-up of the Southern Pacific ferry service takes place tonight the Key System will operate sufficient equipment on Sunday to handle the traffic, and commencing Monday every car of its equipment and all of its five boats will be in service during peak load hours, morning and evening.

"We will also run extra street cars, particularly from Alameda and East Oakland. If the traveling public, our regular customers and those who are passengers, boarder, boats will be counted to prevent overloading, and this counting may to some extent delay the movement."

Four hundred and twenty freight handlers employed by the Southern Pacific went on strike at noon when the company refused to meet their demands for a wage increase.

The men asked a 20 per cent increase in regular pay and time and a half for overtime. The company offered to compromise by granting a per cent wage increase and pro-rata overtime. This was rejected by the men.

### BRITISH OUTFLANK 'WOTAN' DEFENSES IN NORTH OF FRANCE

French Report Capture of 175 Cannon, 412 Machine Guns, 119 Trench Guns and Prisoners Totaling 30,000 TROOPS FIGHT TO HOLD CITY

(By Associated Press.)  
Another smashing drive by the British on the French front was begun today and General Haig reports an advance north of the Scarpe. In the northern sector of the great battlefield the French are keeping up a heavy artillery fire south of St. Quentin all around the curve in the line into the Champagne.

The French seemingly have completed the count of the prisoners and booty taken in the recent fighting on these fronts. They captured 175 cannon of all calibers, 412 machine guns and 119 trench guns. The prisoners total 20,780.

LONDON, April 28.—The British have opened an attack along several miles of the front north of the Scarpe river, the war office announced today. The British troops are making good progress in the face of considerable opposition.

#### By William Phillip Simms, United Press Staff Correspondent.

THE BRITISH ARMIES HAVE TURNED THE GERMAN 'WOTAN' LINE.

Half of the village of Oppy, believed to be the northernmost town of this German defense front, was captured today in a desperately hot fighting. Arleux, a little further to the north, also fell to the tremendous British assault.

Information from other sections of the British front reaching the spot where this despatch is written detailed fighting on a tremendous scale of intensity.

Around Oppy and Arleux it was still progressing after a night of never-ceasing clashes. The British on both sides swayed back and forth in the struggle. But the latest report today showed the British in possession of half of Oppy and all of Arleux—and beating back desperate counter-attacks.

Around Gavrelle, Haig's offensive was still gaining ground. A steady stream of prisoners from this bloody angle were being shifted back on the lines.

#### BITTER STRUGGLE ON

To the south, as part of his gigantic push, Haig's troops were thrown toward Greenland Hill. They struck hard and fast at massed German forces and swarmed over into a German trench running south of the Scarpe. There they stuck fast, despite tremendous blows launched by the Germans. Not even a literal melting away of the German counter-attacks, the face of murderous machine gunfire and the steel curtain of British artillery stopped the desperate enemy counter-thrusts. The German losses are staggering in these attacks.

At the present moment the most bitter fighting, however, is apparently in progress in the woods to the west of Roex—just above the Scarpe. Here the force was literally being mowed down by artillery fire and the moss stained red with rivulets of blood as the Germans madly attacked, were locked in bitter conflict, then thrown back—only to reform and attack again. Meanwhile the British went further and further forward.

#### PRISONERS TAKEN

PARIS, April 28.—Since April 16 General Nivelle's advancing French army have taken 20,780 prisoners and 175 guns, including many of the heaviest calibers; 412 machine guns and 119 trench mortars, today's official statement declared.

On today's fighting the war office reported French raids in several sections and numerous German counter-attacks all along the fighting front.

"We raised German trenches in the region of Hill 204," the statement said. "West of the Meuse during the night we brought back prisoners. German troops attacked east of Aubert, but were repulsed."

Artillery was very active between St. Quentin and the Oise and in the Champagne.

Today was the second day of the German offensive against the French troops encircling St. Quentin by tremendous artillery fire and vain attacks.

GERMAN DISCONTENT.  
LONDON, April 28.—Field Marshal Haig struck another tremendous blow at the German lines today in a powerfully revived offensive over a front of several miles north of the river Scarpe.

Battle front despatches indicated violent fighting still in progress during the day along the whole line of this great drive.

Germany is draining her empire of men to throw against the onrushing waves of the Franco-British offensive. Necessity of interposing some check to the steady advance of the allied forces on the west front is being desperately felt by the military chiefs, who realize the growing discontent in Germany, the peace propaganda, in dissatisfaction over shrinking rations, in governmental affairs by the people.

Information received here from Germany indicates that the German army is being retrained in rescue work. David Reese, safety

### 104 Men Yet Entombed in Burning Mine

(By Associated Press.)

LEARNED WIRE TO TRIBUNE.

HASTINGS, Colo., April 28.—Nine more bodies, making a total of fifteen, were found by the rescue crew which entered the Hastings mine of the Victor American Fuel Company at midnight. The crew came out shortly after 8 o'clock this morning. One hundred and nineteen men were entombed in this mine by an explosion yesterday and it is feared all have perished.

As soon as the first rescuers emerged, another crew entered the mine, bearing stretchers to bring out the bodies.

Outside the mine scores of volunteers pressed forward, eager to be in the next shift to go inside. Foremen went about among the crowd picking the sturdiest and most experienced men. "You can't all go, boys," the superintendent told them.

With men working in relays, bracing up the workings as they go, every day was being made early today to reach the men still entombed. Just what caused the disaster is as much a mystery now as it was yesterday.

An official, asked if there was hope any of the others were alive, said: "We always have hope."

#### OLD FIRE IS BURNING

The rescue crews are unable to make their way down the main mine slope, but by working along the air shafts, a considerable distance into it," according to a mine company official.

"There have been some falls," this official said, "but nothing more serious in the airway so far."

The working in which the men are entombed is a running tunnel opening from the main mine entrance. The main entrance is a level tunnel, abandoned some time ago. For several years this has been on fire. Since it was abandoned, however, it was sealed off from the rest of the mine with an air-tight wall and work continued much as usual in the other sections.

Air ducts run into the slope where the men were trapped. In unusually large amounts have been pumped into these ever since the fire was discovered, in the hope that it was smothered. The men were kept some of them from suffocating.

#### WOMEN WAIT IN SNOW

The fact that smoke continues to pour from the mine led company officials to believe the fire had been broken and the steady current of air forced through them was only fanning the flames.

The mine officials are in a quandary. If they continue to force air into the mine they may only fan the flames to greater fierceness and fire or smoke may destroy all chances of the trapped men who may be alive.

On the other hand, the current of air may be all that enables some living miners, if by some chance any still in the mine are alive, to avoid suffocation in the smoke.

It is snowing in Delagua canyon, where the mine is located, and miners wives and children stand waiting at the mine mouth in the bitter wind. Thick black smoke from the burning mine hangs over the place like a pall.

The work of the rescuers, it was said, was halted at midnight by the heat and smoke at the fifth entry, but early this morning the crew, refreshed and reinforced, re-entered the mine with effort to penetrate to the main workings, where it is believed most of the men were located.

#### MAX BE ENEMY AGT

Rescuers returning from the mine said that the tiny electric light carried on the caps of the miners still were burning on some of the bodies already reached. On the other hand, the lights had been smashed by the debris which had fallen from the ceiling and walls of the slope.

The crew reported the work in the mine was out and that the fire in the pairing damaged portions and clearing fallen rock could which partially blocked the air passages was proceeding rapidly.

C. F. Bartlett, president of the Victor American Company, said he believed some of the men had a chance for their lives because among entrapped men were several trained in rescue work. David Reese, safety

### VOTE STRIKE ON MAY DAY IN GERMANY

Socialist Minorities in Reichstag Vote in Favor of Big Tie-up Despite Opposition

Vorwaerts Declares Workers Will Not Walk Out; Deplores Proposed Big Demonstration

#### BULLETIN

LEARNED WIRE TO TRIBUNE.

AMSTERDAM, April 28.—Directly contrary to the government's appeals, the Socialist minorities in the Reichstag and the Prussian Landtag have adopted resolutions favoring a general strike on May Day, according to Berlin despatches today.

#### BY ASSOCIATED PRESS.

LEARNED WIRE TO TRIBUNE.

AMSTERDAM, April 28.—The Berlin Socialist newspaper, Vorwaerts, publishes a declaration of the general committee of trades unions asserting that the German working classes will not engage in May Day and deplores the circulation of fly sheets inciting the workers to a political or revolutionary strike on that day.

The fly sheets, says the declaration, do not come from the Socialist Democratic party but from persons who have nothing in common with the labor movement. It concludes: "Strikes for purposes of political demonstration are at present irresponsible and must be sharply condemned."

PARIS, April 28.—The administrative committee of the French Socialist party has decided not to send delegates to the International Socialist Conference in Stockholm, May 15. The decision was made by a vote of 13 to 11.

### Guatemala Breaks Off With Berlin

(By United Press.)

LEARNED WIRE TO TRIBUNE.

WASHINGTON, April 28.—Guatemala has broken relations with Germany and handed the German minister his passports, it was officially announced by the State Department today.

Official advice of the break, coming from the American legation in Guatemala City, said President Estrada Cabrera assigned as the reason for his act his desire to stand with the United States in the fight for democracy and the preservation of international law.

In announcing the break the Guatemalan government offered the United States "use of her territorial waters, ports and railways for use in common defense and also all elements which may be available for the same purpose."

#### RO JANEIRO, April 28.—Adolfo

Pauli, German minister to Brazil, left Rio Janeiro last night with his staff for Uruguay. The Dutch minister took over the charge of German interests in Brazil.

#### CLARK OVERRULED

BOWLING GREEN, Mo., April 28.—Fifty-five out of fifty-nine men in a straw vote here said they favored conscription in preference to the army volunteer system advocated by Speaker Champ Clark. Bowling Green is the home town of Champ Clark.

#### SHELLED BY DIVER

BERLIN, April 28.—"A submarine has successfully bombarded the harbor works, important for transports, near Gouva, west of Algiers," says an official statement issued today. "One loading bridge was demolished and another badly damaged."

#### SPAIN IN PROTEST

MADRID, April 28.—Premier Prieto has announced that he has received official confirmation of an attack by a German submarine on the Spanish steamer Triana, and has addressed a strong protest to Germany.

#### OFFICERS CALLED

WASHINGTON, April 28.—All reserve officers of infantry, cavalry, field artillery and coast artillery will be ordered into active service at once, the War Department announced today.

#### EXTEND WAR AREA

WASHINGTON, April 28.—Great Britain has extended her "dangerous area" and warned all shipping of this fact.

### VOLUNTEER PLAN BEATEN; SELECTIVE DRAFT IS ADOPTED

Representatives for Kahn Amendment to Army Bill by Vote of 279 to 98; Miss Rankin Says 'No'; Some to Switch SENATE'S BONE DRY CLAUSE

#### BULLETIN.

WASHINGTON, April 28.—The Senate, by a vote of 57 to 30, today adopted a bone-dry amendment to the selective draft bill.

The amendment would prohibit the sale or gift of liquor to any officer or enlisted man in uniform—or to anyone not in uniform known to be in the employ of the army. It would also forbid anyone to have liquor in his possession at any army post or training camp.

The Senate also went on the water wagon this afternoon and made the House ride with it. It voted dry—45 to 43—deciding to set the nation an example of war-time self-denial by adopting the Underwood amendment to the draft bill making it unlawful to sell or give liquor to members of Congress.

#### By J. P. YODER, United Press Staff Correspondent.

WASHINGTON, April 28.—The nation will raise its army by selective conscription. The House so voted just before noon today. The Senate will vote likewise before midnight tonight, barring the completely unexpected. Anti-conscriptionists admit this.

The House vote was 279 to 98 in favor of the President's and the war college's plan to raise at once an army of 500,000 for service at some future date in Europe if needed.

Miss Jeanette Rankin, the first woman to hold a seat in Congress, voted against conscription. She cast her vote without comment.

The House vote was on the Kahn amendment to the army bill as recommended by Chairman Dent's military committee. The Dent bill authorizes the President to start by raising an army in the old-fashioned way by the volunteer system. Kahn's amendment turned the bill into what President Wilson and his war heads wanted—a straight and straight-to-the-point selective conscription method.

#### HOUSE CHEERS VOTE.

The House cheered wildly as the affirmative vote was announced. When, to the surprise of members, subsequent announcement of the negative vote showed but 98 for the volunteer plan, cheering and stamping was deafening.

There was no record vote. That will come later. The House, when the vote was taken, was in committee of the whole. A roll call will come later in the day.

Speaker Clark, firm to the last, voted for the volunteer plan along with Miss Rankin.

There was never a doubt of the vote after Representative Saunders of Virginia, in the speaker's chair as chairman of the committee of the whole, announced a vote would be taken on the Kahn amendment and asked for ayes.

MANY MAY SWITCH.  
A tremendous shout arose. A someone who shouted greeted Saunders' request for "noes."

Chairman Dent asked for tellers—the nearest to a roll-call vote that can be obtained in a session of the committee of the whole state of the union.

A mob swirling and surging, that looked as if it included every Congressman and their clerks, arose and joined in a crush at the front of the chamber, ready to war with Chairman Dent and Representative Kahn, the tellers, up the center aisle of the House to show they were for the amendment.

When the record vote does come, members predicted that many of the 98 who voted against the draft plan will have switched, thereby making the vote against the volunteer plan even greater than that recorded while the body was acting in committee of the whole.

The Roosevelt division plan overshadowed all other issues in the Senate today as the conscription army bill neared a vote.

THE ROOSEVELT DIVISION.  
In the last hours of debate three influential Senators threw their influence in favor of the Harding amendment to permit Roosevelt to recruit a volunteer division. They were Harding, Lodge and John Sharp Williams.

Declaring this is not a party war, it is an "American war," Senator Lodge made a vigorous speech in favor of the Roosevelt division.

"For heaven's sake!" shouted the veteran Massachusetts Senator, "is there any reason why he shouldn't be allowed to offer his life for what he believes most sacred?"

He declared Roosevelt was the only man in the country who could raise a division, and to let him do so would not injure the principle of universal service.

Lodge dwelt upon the moral effect of a former President leading American troops in Europe.

Senator Williams of Mississippi, one of the President's most loyal supporters, obtaining committee.

### U. S. MAY BE FORCED TO TAKE PLACE OF RUSSIA

Two Gigantic Problems Before Allied War Council; Ireland Also Is Factor in Situation

FIGHT FOR DEMOCRACY MAY TAKE NEW TURN

Slav Republic's Position is the Cause of Concern; German Propaganda Is Extensive

#### By George Martin, United Press Staff Correspondent.

WASHINGTON, April 28.—Help for Russia and solution of the Irish question were the two immediate herculean problems before the war council of the allies here today.

There is reason to believe British Foreign Secretary Balfour's initial report of the war council received in London today will declare that in formal inquiries have made it clear that President Wilson believes a speedy solution of the Irish problem will be one of the greatest steps that could be taken to advance the fight for universal democracy.

The American government considers Ireland a subject too delicate to make even informal suggestions concerning England's attitude. It has left the initiative at the other allies preceded by the promotion of world democracy phase of America's attitude dovetails with the Russian situation and plans to meet it.

England, France and Italy are keeping the closest possible watch on developments in the new democracy. And while they are doing all they can to help it along, they look to the United States to take the brunt of the burden.

Ultra-secret conferences between this government and the British and French commission heads and representatives of the other allies preceded and followed the appointment of Elihu Root as head of America's Russian aid committee.

While no official of an allied government has been heard concerning the Russian situation, because they feel it is too delicate to discuss just now, suggestions here and there from representatives of the different governments piece their thoughts like this:

TWO FACTIONS.  
The revolution has developed two leading factions in Russia—the Duma and the provisional committee of soldiers and workers.

The Duma is thoroughly democratic, utterly opposed to a separate peace with Germany and on complete terms of understanding with the allies. The provisional committee, the more powerful of the two organizations among the people, is not a unit either for the allied cause or for a separate peace with Germany.

Germany is exerting a gigantic propaganda to swing the committee to a separate peace. Germany is concentrating its efforts on the extreme Socialists on the committee, among the people at home in Russia and among the soldiers in the trenches.

These German propagandists argue: "You in Russia have had your revolution. It has been successful.

In Germany we are getting our revolution under way. Make a separate peace with us. We are all brothers together and together we will throw off the autocratic yoke. We should we fight each other? We have no quarrel."

The autocratic German government is hiding behind these suggestions. It will press this on the Russian people. "Nobody knows what the provisional committee will do," said one foreign official today.

"Do not for a moment minimize," said another European official today, "what a serious peace between Germany and Russia would mean to the United States."

"It would mean that Germany would be fed, supplied and equipped for endless war and that the allied blockade to starve Germany out would have gone for naught."

"It would mean that eleven army corps, about a million and a half fighting men, would be swung into the balance against the British and French fronts."

GRAVE MENACE.  
"You can readily see how this would menace the remaining European allies. Then there could be only one answer for the United States. That answer would be millions and millions and millions of men."

"Upon America would depend the success or failure of the war on Prussia."

"You would have to feed, equip, munition and otherwise maintain your gigantic army in Europe."

(Continued on Page 2, Col. 2.)

(Continued on Page 2, Col. 3.)

(Continued on Page 2, Col. 1.)

# HOUSE VOTES FOR U. S. ARMY CONSCRIPTION

(Continued From Page 1)

era in either house, agreed with Lodge, but asserted that while Roosevelt was competent to command a regiment, he was not fitted to lead a division. Harding noted out that Roosevelt did not necessarily desire to lead the division.

**MILITARY TRAITORS.** In a scathing speech against pro-Germanism, White declared there are one million traitors in America. "I want to weed 'em out," he said. "That's why I want conscription. Of the ten million German-Americans in this country, probably nine million are loyal."

As Senate debating continued a second fight was precipitated, when, as the clerk commenced reading the roll of the bill, Senators of Florida, with the assistance of a fellow member, tried to get recognition to make a left-over speech. He was finally squelched. In the House the conscription bill was taken up. The House presented an amendment to make the conscription a plain draft proposition, eliminating the "selective feature" for fear of favoritism.

**JESUS A VOLUNTEER.** Representative Mason of Illinois aroused the dormant volunteer proponents when, discussing the amendment, he said: "This amendment removes the conscription from the hands of the draft service. Jesus of Nazareth on the cross was a volunteer. The gentlemen on each side of him were conscripts."

**WILL ROUND UP ALIENS.** A bill will be soon introduced to gather and turn over to their countries all aliens of military age, Chairman Webb of the House judiciary committee announced on the floor this afternoon. Webb's statement followed the presentation of an amendment to the conscription bill by O'Shaughnessy of Rhode Island to make aliens in the country subject to draft.

**AGE INCREASES BEATEN.** WASHINGTON, April 28.—By a tie vote the House this afternoon defeated an amendment to the conscription bill making all males under the age of 45 eligible for draft under the army bill. The vote was 130 to 120.

The ages for draft are fixed in the bill at from 21 to 40 years. The House amendment increasing the age limit to 45 years, was defeated, while the Norton amendment, making it 50 years, was lost, 118 to 52.

# FORMER OFFICIAL HURT IN MISHAP

Harrison D. Rowe, former supervisor, was badly injured this morning when a limousine driven by an unidentified woman crashed into a crowd in which he was standing in front of the Key Route station on Piedmont avenue. Rowe received the brunt of the blow while the others in the crowd scattered. He was knocked to the pavement and picked up in a semi-conscious condition and taken to his home at 4154 Piedmont avenue, near by, where he is under the care of Dr. H. A. Makinson. His condition is serious.

After the accident, the woman, who was alone in the big car, waited in the vicinity for a few minutes when a young man got into the seat beside her and they drove away without her name being learned. The number of the car was obtained by persons in the vicinity and turned over to the police, who are searching for the owner. The people who escaped injury at the time were waiting to board a Piedmont-avenue street car bound for downtown.

# SIGNS CONTRACT

SAN FRANCISCO, April 28.—C. M. Levey, president of the Western Pacific railway, today announced the signing of a ten-year contract with the Adams Express Company, service to start July 1.

The company heretofore never has conducted direct service west of Denver.

# SWEPT BY RAIN

DALLAS, Tex., April 28.—Southern Oklahoma and North Texas were swept by a heavy rain, wind and electrical storm which caused property damage of several hundred thousand dollars.

No loss of life has been reported. Denison, near the Oklahoma line, reported a property damage of \$25,000. Damage at Gainesville will reach about \$30,000. A fifty-gallon oil tank set on fire by lightning.

# TURKS SATISFIED

BERLIN, April 28, via London.—Turkey does not desire any territorial annexation. This was the declaration of Talaat Pasha, the grand vizier, in an interview.

In answer to a question concerning the treatment of Americans in Turkey since the breaking off of relations between the two countries, he said: "We are treating Americans exactly the same as formerly."

# TO DISCUSS PEACE

LONDON, April 28.—Count Hertling, the premier of Bavaria, says a despatch from Munich by way of Amsterdam to the Central News, is going to Vienna to confer with the Austro-Hungarian cabinet ministers regarding peace prospects.

# WHEAT SMASHES CHICAGO'S HIGH PRICE RECORDS

BY ASSOCIATED PRESS. CHICAGO, April 28.—High price records smashing continued today in the wheat market. Opening trades showed a maximum jump of 12 1/4 a bushel, July options reaching 23 1/2, against 22 1/4 to 22 1/2 at yesterday's finish. May went to 27 1/2, a rise of 5c above yesterday's top-most point.

Later May wheat at Winnipeg fell 15 cents after news had been given that any member of the Winnipeg Exchange would be suspended for trading without orders and that the British government was not in the market for futures. Quotations in Chicago dropped 10 cents from early high figures.

Liquidating sales became general as the result of the Winnipeg news and were increased by word that in Omaha no more trades in May wheat would be cleared except the closing out of old contracts. Fifteen minutes before the close here nearly all gains for the day had been wiped out and July wheat was back to \$2.25 1/2, with May at \$2.69.

# BRITISH OUTFLANK 'WOTAN' DEFENSE

(Continued From Page 1)

condition in the Central empire today. Despatches now indicate that Germany is opposing the Franco-British advance with forces superior to the attacking armies. And still these dispatches do no more than slow up the advance. Today it appeared that the whole strength of the French and British attacking armies was being expended for another week to be used at the German line next week in a resumption of the concerted offensive.

After a lull on the French front early in the week made necessary by the bringing up to newly won positions of the French artillery and consolidation of gains won in the first week of Nivelle's general attack plan, the color of the tri-color was apparently in motion again.

To the north Haig's guns roared all along the line, while his Tommies pushed their way forward yard by yard. The greatest pressure was apparently being exerted along the Arras-Douai roadway.

**CRITICIZE GOVERNMENT.** PARIS, April 28.—Is the Anglo-French offensive too limited and untimely and is there a lack of unity of action between the British and French armies?

These questions were raised here today in the most outspoken criticism of the military situation that have been published since the war began. They are typical of some of the frank utterances that have followed the liberties allowed the press by the government.

The principal articles are by Georges Clemenceau, former premier of France and editor of "The Man in Chains," and by Gustav Herre, editor of La Victoire.

**ATTACK FAILS: BERLIN.** BERLIN, April 28.—The tremendous fighting along both the French and British fronts, but with the enemy's most vigorous efforts to advance repulsed, was reported in today's official statement.

"Yesterday afternoon at Monchy several British attacks broke down with heavy losses," the statement said. "Today at dawn the artillery fire increased to extreme violence around Loos and also at St. Quentin and an infantry battle commenced over the whole front."

"At Brayne a French attack failed," the war office continued. "At Thurbais we took some prisoners and machine guns from the enemy's storming troops during a successful repulse of their attack."

# PEW PUBLICITY

DENVER, Colo., April 28.—The dignified Episcopal Diocese of Colorado has a press agent.

It has come home to the churches of the diocese that they need live advertising just as much as any business enterprise. Therefore the Rev. S. R. S. Gray, pastor of Emmanuel Church and vicar of West Denver, has been named to do the work.

He is not the sort of "director of publicity" that writes rambling copy about the world-amazing and amazing attractions of some oil well or gold mine or circus, or theatrical performance, but a hustling live wire writer, none the less, who tracks around to the newspaper offices and keeps the special services and other doings of Denver's various Episcopal houses of worship before the public.

# PASS EUGENIC BILL

SACRAMENTO, April 28.—Assemblyman Wishard's eugenic marriage bill after pursuing a dovish course through both houses of the legislature and submitting to various amendments, finally was passed by the Senate today and sent to the governor.

As it came from a free conference committee this morning the bill is widely different from the measure as originally introduced. A previous requirement that medical certificates be submitted showing freedom from the specified diseases before the issuance of marriage license was stricken out of the bill by the conference committee.

If the measure receives executive approval a wife would become a competent witness against her husband and by her testimony send him to prison for a term of from one to five years.

# PLANS PROGRAM

Miss Marian Nicholson, a violinist whose work is attracting the attention and comment of musical critics, is to be heard in public recital Monday afternoon, April 30, at 6 o'clock, in Lissor hall, Mills College. Miss Nicholson is being presented by Alexander Stewart, with whom she has been studying. Assisting her with Monday's program will be Miss Edith Woodward, soprano, and Miss Elsa Hansen, accompanist.

# NOT A CANDIDATE

WASHINGTON, April 28.—William E. Borah of Idaho has informed friends he will not be a candidate for re-election when his term expires March 3, 1919. He said today he wants to return to Idaho to resume the practice of law which he left twelve years ago to come to the Senate.

# SERVICES SUCCESSFUL

Because of the keen interest in the evangelistic services at the First Christian church, Kellem's brothers are going to continue the meeting. It was announced that the church board has purchased more seats for the building and will make an effort to seat the people tomorrow at the evening service. It was announced that the services would continue each night during the coming week, Saturday excepted.

# 104 MEN STILL IN BURNING MINE

(Continued From Page 1)

Inspector for all of the Victor American companies, was in the mine making an inspection when the explosion occurred. He is believed to have been lost.

"We cannot explain the explosion," said Bartlett. "Electric lights were used in the mine, no miner was permitted to have electric caps for firing blasts and all blasts were fired by a shot firer. The mine was frequently inspected. Every precaution was taken to make it safe."

Leslie Hubbard, attorney general of Colorado, and an assistant arrived this morning to investigate rumors that the explosion was the act of an alien enemy and to probe into conditions touching the observance of mine safety laws.

"The condition of the mine lends some color to the theory that the explosion was of an origin that you don't think of," said General Hubbard.

In an explosion in the same property in 1912 twelve men were killed. As the rescue crews descended into the mine this morning they carried bottles of oxygen for resuscitating any men they might find who bore signs of life.

**INSURANCE LARGE.** DENVER, Colo., April 28.—Relatives of the 119 miners believed dead as a result of the explosion and fire at Hastings No. 2 mine of the Victor American Coal Company near Trinidad, may receive a total of \$297,500 in insurance benefits. Under the Colorado workmen's compensation law each man was insured in the Mine Owners' Mutual Company for \$2500. Dependents only are entitled to the full insurance. The law provides that only a third of the \$2500 shall be paid to dependents who live in foreign countries.

# HARVESTING PLAN

WASHINGTON, April 28.—Plans to prevent a nation-wide food famine have been proposed to officials of the National Council of Defense by Walter S. Dickey of Kansas City. He proposes that for the crowds of men and boys be organized into moving camps to handle the harvest. Commencing with the wheat and oats harvest in Texas in June they should be kept moving northward to the Canadian border, reaching there in October. This will prevent the enormous waste that takes place annually owing to the fact that the farmers cannot get workers, Dickey believes.

# CAN QUIT AUSTRIA

AMSTERDAM, via London, April 28.—A Vienna despatch says that all Americans who desire to leave the monarchy may travel to Switzerland up to four weeks from the date of the rupture of relations, April 9. After that date no Americans will be allowed to leave, but those remaining will not be interned unless they commit offenses.

# PRESIDENT'S MESSAGE FREE

The coupon entitling you to free copy of our artistic booklet containing complete war message of President Wilson to Congress and other valuable features will be printed in THE TRIBUNE of Sunday, April 29. Be sure to clip the coupon.

# IMPORTANT NOTICE

A great many of the employees of our ferry-boats have given notice that they will resign in a body at the close of business Saturday night, April 28, 1917.

There will be no ferry service between San Francisco and Oakland Pier, Alameda Pier, or on the Oakland Harbor route on Sunday, April 29, and it is uncertain what the service will be thereafter, but it is expected that partial service will be maintained on the transbay ferries on Monday, April 30, and thereafter.

To provide for holders of our April commutation tickets, all our offices at San Francisco, Oakland, Alameda and Berkeley will be prepared at noon Saturday, April 28, and thereafter, to exchange Sunday and Monday coupons of Southern Pacific commutation tickets for tickets on the Key System.

Until it is determined whether ferry-boat service will be maintained on May 1 and thereafter, the sale of individual monthly commutation tickets for the month of May involving the ferry trip will be temporarily discontinued.

# MAIN LINE TRAINS WILL RUN ON FOLLOWING SCHEDULE ON AND AFTER SUNDAY, APRIL 29

Following Main Line Trains will leave Third Street Station, San Francisco, with connections from OAKLAND as shown below:

- NO. 24 TONOPAH EXPRESS—Take train No. 82 leaving Oakland, First and Broadway, 7:51 A. M., connecting at Tracy, arrive Sacramento 12:30 P. M. Regular schedule beyond.
- NO. 12 SHASTA LIMITED—Leave Oakland, First and Broadway, 8:00 A. M., connecting at Newark, arrive Sacramento 1:30 P. M., Davis 1:50 P. M. Regular schedule beyond.
- NO. 20 PACIFIC LIMITED—Leave Oakland, 1st and Broadway, 8:00 A. M., connecting at Newark, arrive Sacramento 1:40 P. M. Regular schedule beyond.
- NO. 14 PORTLAND EXPRESS—Leave Oakland, First and Broadway, 10:00 A. M., connecting at Newark, arrive Sacramento 3:30 P. M. Regular schedule beyond.
- NO. 10 SAN FRANCISCO LIMITED—Leave Oakland Sixteenth Street 11:15 A. M., connecting at Tracy, arrive Sacramento 5:15 P. M. Regular schedule beyond.
- NO. 2 OVERLAND LIMITED—Leave Oakland, First and Broadway, 1:11 P. M., connecting at Newark, arrive Sacramento 7:10 P. M. Regular schedule beyond.
- NO. 6 ATLANTIC EXPRESS—Leave Oakland, First and Broadway, 4:30 P. M., connecting at Tracy, arrive Sacramento 10:25 P. M. Regular schedule beyond.
- NO. 52 AND '80 FRESNO AND STOCKTON FLYERS—Leave Oakland, First and Broadway, 4:40 P. M., connecting at Newark, arrive Tracy 7:30 P. M. Approximately regular schedule beyond.
- NO. 16 OREGON EXPRESS—Leave Oakland Sixteenth Street 6:36 P. M., connecting at Tracy, arrive Sacramento 12:10 A. M. Regular schedule beyond.
- NO. 86 OIL FIELDS FLYER—Leave Oakland Sixteenth Street 12:15 A. M., connecting at Tracy 2:30 A. M. Regular schedule beyond.
- NO. 110 SUNSET EXPRESS—Leave Oakland, First and Broadway, 8:22 P. M., connecting at San Jose. Regular schedule beyond.
- NO. 210 THE NEWSBOY—Train No. 86, leaving Oakland Sixteenth Street 12:15 A. M. will carry through sleeper to Sacramento, connecting at Tracy.
- THE OWL for Los Angeles—Leave Oakland Sixteenth Street at 6:33 P. M. on time.
- NO. 50 SAN JOAQUIN VALLEY FLYER—Leave Oakland Sixteenth Street 4:33 P. M. on time.

# TRAINS ANNULLED

- NO. 28—Leaving Oakland Sixteenth Street 6:50 A. M. and No. 36 leaving at 6:55 A. M. will be consolidated as far as Port Costa.
- NO. 22 THE STATESMAN—Leaving Oakland Sixteenth Street 7:50 A. M.
- NO. 46 OROVILLE & SACRAMENTO PASSENGER—Leaving Oakland Sixteenth Street 3:30 P. M.
- NO. 48 EL DORADO—Leaving Oakland Sixteenth St. 5:32 P. M.

# From San Francisco—Steamer General Frisbie

(Chartered by Southern Pacific Company) Foot of Market Street, Commencing Monday, April 30.

- NO. 22 THE STATESMAN—Leaves Wharf 7:20 A. M. via steamer to South Vallejo, connecting with train leaving South Vallejo via Suisun. Arrives Sacramento 11:05 A. M.
- NO. 48 EL DORADO—Leave Wharf 4:00 P. M. via steamer to South Vallejo, connecting with train leaving South Vallejo via Suisun. Arrives Sacramento at 8:00 P. M.

Regular electric train service will be maintained on Seventh Street Line to and from Oakland Pier. On the Shattuck Avenue Line, 40-minute service. On the Ellsworth Line, hourly service. On California and Ninth Street Loop Lines, 1 hour and 20 minute service. Horseshoe, every hour and 20 minutes. Alameda Loop trains will run to and from Fourteenth and Franklin streets, leaving Fourteenth and Franklin streets at five minutes past and 35 minutes past the hour. Car will be run between Pacific Junction and Alameda Baths.

For Further Information, Call Up Lakeside 1420 and Ask for Information  
**SOUTHERN PACIFIC**

# Why the Price of Bread Must Be Advanced

On Monday, April 30, the price of bread in San Francisco and Alameda counties will be advanced as follows: Twelve-ounce loaves from 5c to 6c, and 24-ounce loaves from 10c to 12c.

The very existence of the baking industry in this locality depends upon this immediate raise. If the 5c and 10c prices were to continue the bakeries must close.

The costs of all ingredients used in baking bread have increased on the average more than 100 per cent, and there has as yet been no increase in the price of bread. The law does not permit a reduction in the weight of either the 12-ounce loaf or the 24-ounce loaf. We are without an alternative. We must raise the price.

The grocers recognize the necessity of this advance. In a circular issued by the Retail Grocers' Association the members are urged "to co-operate with the bakers in establishing and maintaining the new retail prices as no one under these circumstances would deny the bakers the right to raise their

prices." The price of every product of daily consumption has been raised on account of existing economic conditions.

Every man and woman is familiar with the present general food situation. The specific increase in the prices of other food products is a matter of universal knowledge and experience. In San Francisco even at the new prices bread will be cheaper than in any other large city.

What the future will bring no one can foretell with accuracy. The shortage of wheat, the world's great staple, and an ever growing demand for it from allies and neutrals, must certainly affect its market price. Wheat is the basis of bread.

The price of bread must be regulated by the price of the ingredients that enter into its making.

We are confident that the public will appreciate the urgency of our action and recognize the fact that the continuation of our bakeries depends upon it.

**Allied Baking Industries**  
of San Francisco and Alameda Counties

## AUTO HITS TRAIN; MAN IS KILLED

CHICO, April 28.—As he was leaving his home near Richvale to come to Chico to visit his brother, who underwent an operation at the local hospital, Ernest H. Evans was instantly killed when a north-bound Southern Pacific passenger train crashed into the auto in which Evans, his wife and his sister-in-law, Mrs. Will Evans, were riding.

The two women were seriously hurt, the dead man's wife probably fatally. The auto was completely wrecked.

The accident was witnessed by Will and Bert Evans, brothers of the dead man, who were at work in a field along the road and who called to their brother when they saw he was in danger of being hit.

The party apparently did not see or hear the train approaching and the engine of the car went dead as it reached the roadbed at the crossing.

The pilot of the locomotive struck the tonneau squarely and hurled the occupants twenty feet. They were picked up by the passenger train crew and Evans' two brothers, who rushed to the scene, and were brought to this city. Evans to the morgue and the women to the hospital, where their brother-in-law was already lying.

## HUGE CONTRACT MADE FOR PEACHES

The high cost of eating is not to apply to peaches if California growers like canned fruit get their share of the great contract just closed by Libby, McNeill & Libby of Chicago for 130,000,000 pounds of peaches, covering an output of nineteen years on 1000 acres of choice land near Auburn, Placer county.

J. R. Martin is the owner of the land and in the heart of California's peach district. The land is to be planted immediately, a cannery established to employ 500 men and women, and the entire output tucked away in its own juice each year for nineteen years, the full period of the contract under the Chicago concern's brand. More than 100,000 trees will be required to produce sufficient fruit to fill the contract.

A few years ago peaches sold for \$8 a ton. Today in open market, according to Martin, they bring as high as \$40 a ton.

## STUDENTS LABOR

SAN JOSE, April 28.—One of the biggest days of the year for the College of the Pacific was held yesterday on the campus when the students celebrated the annual Arbor day festivities. Yesterday morning a large crowd of young men with their coats off and their sleeves rolled up cleaned up all the weeds that were on the grounds. At noon the student body assembled in front of the school and had a photograph taken. Following this a dinner was served in the dining hall by a committee of girls. In the afternoon the year book of the institution was distributed. A big debate followed between two of the boys' organizations, Rho Gamma and Archival. In the evening a big "campus carnival" took place.

## BRITISH WILL PAY A TRIBUTE TO WASHINGTON

WASHINGTON, April 28.—For the first time in history England will tomorrow pay a tribute to George Washington—who liberated America from English rule. Arthur James Balfour, former premier of Great Britain and head of the British mission to the United States, will visit the grave of Washington at Mount Vernon. Balfour will place a wreath—not the tribute of the English mission but the tribute of the British nation—upon the grave of Washington. Then he will speak a few words in tribute to the first great American.

## SHARON TESTIMONY CENTER OF FIGHT

SAN FRANCISCO, April 28.—Whether the trial testimony of Mrs. Geneva Schwab in the Sharon estate legal battle shall be accepted as valid or whether an alleged statement supposed to have been made by her last October shall stand as direct and contradictory record will be decided next Monday in Judge Coffey's court.

Mrs. Schwab, an Oakland resident, and her sister of Frederick Walter Sharon claimant to half the Frederick William Sharon estate, recently testified that her mother, Mrs. Eliza Sharon, had told her of the son's adoption by the millionaire. To contest this testimony, Attorney Garret McEnery, representing the estate, introduced memoranda of a conversation said to have been engaged in last October, when Schwab is supposed to have told W. E. Sharon, president of the Sharon Estate Company, that she had never heard mention of her half brother's adoption by the dead financier. Attorney Thomas B. Dozier, representing the claimant, succeeded in keeping the alleged October conversation out of the records. At this juncture the court adjourned until Monday, when McEnery will attempt to attack Mrs. Schwab's testimony with the aid of her alleged past statements.

Other letters were introduced yesterday by the estate in an endeavor to show that Mrs. Eliza Sharon held legal control over her son.

## PRUNES AFFECTED

SAN JOSE, April 28.—Many prune orchards near Mountain View are "spotted" according to R. P. Van Orden, a Mountain View grower. In traveling about the noted spots, orchards which show the appearance of bearing large crops, and he noted other orchards not far away which were almost empty of fruit. "I should say the prune crop out in this vicinity will be as large as it was last year, but I wouldn't want to say that it was going to be a great deal larger."

## SHOTS ARE FIRED

Shots fired in the vicinity of Thirty-fourth street and San Pablo avenue early this morning resulted in an assembly of policemen, headed by Corporal A. M. Sanderson. Although several shots were fired, their source could not be determined.

## STANFORD SCION'S LEGACY ATTACKED

NEW YORK, April 28.—The resumption of testimony in the suit in federal court in Brooklyn today by Walter Lathrop Hanson to recover \$50,000 legacy he made over to his mother, Mrs. Andy Leland Stanford, niece of the founder of Leland Stanford University, drew crowds to the court.

Mrs. Stanford wept as witnesses unfolded her son's record of alleged dissipation in Los Angeles and other Pacific Coast towns, Saratoga, N. Y., and New York city. Edward T. Dempsey, a broker and one of the committee named to handle young Hansen's estate, testified Walter's father asked him to "look out" for him before he died. Dempsey said he had a hard time doing so. He told of young Hansen's affairs with several women. Hansen is now in Los Angeles.

## MARRIAGE LICENSES

SMITH-JACKSON—Mrs. E. Smith, 30, Oakland, and Mattie E. Jackson, 24, Berkeley.  
LAWRENCE-NIEMANN—David M. Lawrence, 23, Oakland, and Fritz Niemann, 15, Berkeley.  
WEBER-POWERS—Edward R. Weber, 23, Felton, and Gladys E. Powers, 21, Oakland.

## GIVEN 30 DAYS CONSIDER BOOKS

REDWOOD CITY, April 28.—George Croasman, one of the owners of the Van Doan Hotel, San Francisco, must serve thirty days in the county jail for assaulting and kicking Ernest Wolf, a young motorcyclist. Croasman lost his appeal today when Superior Judge George Busk upheld the decision of the justice court, which had imposed sentence. The claim is made by Croasman's counsel that the defendant is now ill. The defense stated that the motorcyclist persisted in getting in the way of Croasman's car and that the latter alighted from the machine and kicked the youth in a burst of temper.

## PLAN 'NAVY WEEK' TO DOUBLE RATE

NEW YORK, April 28.—Mayor Mitchell has issued a proclamation designating next week as "navy week," in an effort to stimulate naval recruiting. The proclamation laments the fact that so far recruiting for the navy has lagged and asserts that "our young men must be made to see their duty." Up to April 20 only 960 men had enlisted in answer to the navy department's call for 2000 men from this city, the mayor said.

## TO DOUBLE RATE

LAREDO, Texas, April 28.—Rates on parcel post matter from the United States to Mexican points will be doubled beginning May 1, according to official notice received by Postmaster Worham here from the director of Mexican posts at Mexico City. The reason given is that the Mexican government, with present facilities, is unable to handle parcel post properly and it is believed increased rates will divert such matter to express and railroad runs.

# T.R. OPENS WAR GUNS IN CHICAGO

CHICAGO, April 28.—Teddy came to Chicago today to tell the Middle West to back the Kaiser—and to do it quick. Theodore Roosevelt is always Teddy to Chicago.

Fifty thousand cheering westerners lined the route over which the victor was escorted through the Loop and greeted him with "We're with you, Teddy."

Through crowded streets where waves of cheers rolled in a continual tumult, the colonel rode to the Congress Hotel. There he was besieged by hundreds of callers until noon. At the La Salle Hotel Colonel Roosevelt was the honor guest at a patriotic luncheon.

The afternoon he planned to spend quietly in his rooms—the presidential suite—at the Congress Hotel, in preparation for tonight's meeting in the international auditorium at the stockyards. His speech is to be a thundering appeal to the patriotism of the nation.

Besides his pungent comments about the Kaiser, T. R. had a few other little items to get off his mind. General Joffre's contemplated visit to Chicago, the recent "slacker bridge" rush, his offer to go to Flanders, all came in for his share.

**FAVORS JOFFRE INVITATION.**

"I wouldn't want to indulge in personalities," said the colonel, when informed of the disagreement between Joffre and Thompson, and the council over extending an invitation to the French general to visit Chicago, "but I sincerely hope that the invitation is extended—and that General Joffre comes."

"I came to Chicago to make this speech because Chicago has always been the storm-center of my past. There are two classes of people in Chicago. The Americans and others. The sooner the others get out the better. I don't care what nationality or from what country a man comes from as long as he is a straight American. If I am permitted to rule my division I hope to get a large percentage of members who are wholly or partly German."

When asked his opinion of the "slacker bridge" rush, the colonel said: "The 6000 of whom rushed the license clerk's office here in the early days of the war declaration, the Colonel smiled."

**BRIDGEGROOM SLACKERS.**

"Well," he said, "I'm for any man who marries as a preparation for war, but those who hide behind the skirts to avoid military obligations should be expelled from the country."

Fully 1500 persons crowded the banquet chamber at the Hotel LaSalle at noon to hear Roosevelt make his first speech.

Governor Lowden extended the city's welcome and short addresses were made by Major-General Thomas Barry, Dr. Harry Pratt Judson, president of the University of Chicago, and Edmund J. James of the State University.

Preparation for America's part in the great world war was the keynote of Roosevelt's speech. He urged the importance of economic as well as military preparedness and took occasion to urge against the manufacture of liquors at this time.

"The world is facing a shortage of food," he said. "So long as we in this country shall face a shortage of food. Therefore let us use all the grain we have for food and not for intoxicants. Now that the war is on let us forbid any grain being used in the manufacture of liquors."

**HELP THE FARMERS.**

"Let the government help the farmer by organizing land if necessary and tell our young men it is a case of farm and arm."

"During the last two and a half years of peace we have been foolish enough not to prepare for war. Now that we are at war let us avoid the further folly of failure to prepare for the tasks of peace."

"As yet our people are not waked up to the vital significance of this war. This is because at the moment we are safe behind the British fleet. We cannot afford to owe an ignoble safety to the British fleet or to risk our national future upon the chance of some other nation showing more foresight and efficiency than we are willing to show."

"We sin against our children if we fail to prepare our whole national strength for the protection of the republic."

**ADVOCATES WAR SERVICE.**

Colonel Roosevelt advocated strenuously the institution of universal military service, not only for the present, but as a permanent national policy, and the despatching of a division to France, this one to be followed by other divisions as soon as they can be made ready for the expedition.

"I believe," he said, "in universal service so emphatically that I wish to include myself and the men who are

# "Blue Devil" Is French Hero Capital Meets Famed Man

WASHINGTON, April 28.—Lieutenant Colonel Jean Fabry, Marshal Joffre's chief of staff, attracted almost as much attention in the streets of Washington today as his superior, when stories of his gallantry in action became known.

"The Blue Devil of France," as he is known in his own country, probably has experienced as many thrills as any man in the French army.

As commander of a battalion of Alpine chasseurs he led his men in the battle of the Marne, Ypres, Dixmude, Arras and in the Vosges. In a gallant action in which his battalion carried by assault a position on the heights of Reichenberg, Lieutenant Colonel Fabry lost a leg. Mr. Hovey, speaking of him said today:

"The Blue Devil of France is grateful to America for the wooden leg he is wearing, but he is so grateful at the price he had to pay for it. Colonel Fabry is a remarkable man. He has been wounded several times and has seen some of the most dreadful things that have occurred during this war. Here is what happened at the Yser."

# PREPAREDNESS IS PICNIC KEYNOTE BALMY WEATHER CONTEST MAGNET

DAVIS, April 28.—"Preparedness and Conservation" was the keynote of the entire program of the ninth annual university farm picnic being held here today. Farmers from all sections of the state took an undiluted interest in all the demonstrations and addresses which had bearing on the turn in national affairs as it applied to their work in the national movement to co-ordinate the country's resources.

Especially emphasis was laid on the demonstrations and exhibits which had to do with the conservation of food resources and increased production.

**GARDENS URGED.**

Particular interest was taken in the planting and care of the small garden, which was explained in detail by use of the experimental garden of the agriculture division as an example.

Among the principal speakers on the program was B. V. Meek, a member of the State Board on Food Resources for the Council of Defense. Due to the turn in national affairs, which has involved particularly the farmers of the country, and Mr. Meek's familiarity with agricultural conditions in California, his address was accorded a prominent place on the program. Other addresses were made by J. T. Hunsaker, representative of farm students, and K. A. Ryerson, representative of the students of the University of California. Dean H. E. Van Norman presided.

Among the exhibits demonstrated was an electric tractor built by the agricultural engineering division. The tractor is not meant for heavy work, but will replace hand labor, and is especially valuable in gardening work. It is yet in its development stage, but trials so far conducted have shown that it can be run economically.

What is considered the best collection of different kinds of silos in the State were on view. Six different silos were shown and their construction explained.

**VISITORS SEE DEPARTMENTS.**

The picnic began officially at 3 o'clock this morning when visitors were taken over the various departments of the farm by instructors, who explained the various exhibits in their departments. From then on, every minute of the day was apportioned, according to a regular program, to the numerous features provided for the instruction and amusement of the crowd.

**ATTEND UNIVERSITY PICNIC.**

HAYWARD, April 28.—The county farm bureau sent a large delegation to the eighth annual university farm picnic at Davis today. Members of the bureau, which carried a banner inscribed "Alameda County Farm Bureau." Besides inspecting the live-stock, vineyards, orchards and agricultural land at the university farm, the members witnessed a live-stock parade, baseball, water polo and athletics as well as farming demonstrations and judging contests.

**TO QUIT SENATE.**

WASHINGTON, April 28.—Two United States senators have announced that they would resign private life at the expiration of their terms.

Following such an announcement by Senator Borah of Idaho today, Senator Fall of New Mexico stated on the floor of the Senate that he would go back to private life after March 3, 1919.

anxious to come in the division I desire to raise. If we are denied this chance most of us will be exempt from all service, denied the chance of all service under the proposed obligatory system.

"In making my plea for us who wish to volunteer to fight and whom it is proposed to deter from this privilege, I do so not so much because I see in that way the best means of personal service to my country and civilization, but primarily because I thereby give utterance to the cry for action of many hundreds of thousands of Americans fit to render service who ought not be forced to sit on the sidelines when their hearts are aflame with longing and with eager desire to play the part of men."

# WEINSTOCK AND BROWN IN CLASH

Incensed over each other's stand in regard to market legislation at Sacramento, Senator William E. Brown of Los Angeles and Colonel Harris Weinstock, State Market Director, have attacked each other in statements issued in defense of their position.

Senator Brown charges Colonel Weinstock with organizing a lobby to assist the Market Director in vindicating himself. Colonel Weinstock in a counter-charge, accuses Senator Brown of having stood ready during the session of the Legislature to make any kind of a legislative trade to defeat the proposed marketing law.

In his statement Senator Brown said in part: In continuing the steam roller methods of the Senate, the Assembly of this State is now on record as approving the maladministration of the Market Director in nullifying the State market law and illegally spending the State's funds in creating food selling combines contrary to law, against public policy and in restraint of trade. The open, brazen and persistent efforts of prominent State officials to save Weinstock constitute a scandal and a disgrace to the State of California.

Weinstock, in a statement he made to Senator Brown, in part declared: When Senator Brown charges others with the sin of lobbying and "steam-rolling" he should go into court with clean hands. I saw Senator Brown with my own eyes spending hour after hour in the Assembly chamber to the utter neglect of matters in his own branch of the Legislature, ready to make any old kind of a legislative trade in order to defeat the proposed marketing law, and who had State officials try to use the "steam-roller" against the market bill.

**THAT LUCKY NUMBER.**

A lot of people consider seven a lucky number.

Well, it will be a lucky number for you all right if it brings you in that fine big touring car with the Chevrolet name plate on it.

You never can tell. Your TRIBUNE coupons might be the ones to win that seventh car. It has to be won by some one, and it might as well be you.

7 Among the prizes kept up and keep your TRIBUNE coupons flowing into the Orpheum's strong box in the Orpheum next Monday night at the Orpheum Monday evening, and those people who know that their chances are as good as anybody else's, will be sure to have their coupons in the Orpheum strong box these days.

The big race is on for that seventh car. Six of these Chevrolets have been handed out by The TRIBUNE at the Orpheum, and now the seventh is in sight, just around the corner.

The boys and girls, ladies and gentlemen and all the great plain people of Oakland are in the race for that seventh car.

# GUARD BILL READY FOR SIGNATURE

SACRAMENTO, April 28.—Any time he chooses now Governor Stephens can sign the bill which will give him the power to appoint 1000 men to comprise a state defense guard, the members to be paid from \$90 to \$120 a month. The legislature numbered among its final acts the approval of the bill as an urgency measure. Late yesterday the Assembly passed the bill, 68 to 0.

Two other measures, likewise classed as urgent, were passed, one being the Luce bill to permit private water companies to serve the public without being subject to public utility regulations. This is expected to result in more efficient irrigation to aid the "planting campaign." The other is a measure to permit of the suspension of school upon permission of the governor, so the children can give extra attention to planting.

An eleven hour move by Martin Madsen, the governor's private secretary, and Ralph Merritt, of the Council of Defense, crushed opposition to the defense bill in the Assembly. By going from desk to desk before the vote was taken, they carried word from the governor that the guard will be organized only in event the troops which originally comprised the California National Guard, are called from the state. Most of the Assemblymen were given the impression that the guard will never be organized.

The bills were sponsored in the Assembly by Joe Burke of Santa Ana, who was a strong anti-administration man at the 1915 session.

California jumped to the forefront in the land combat experimentations last night when the Assembly, by 59 to 19, passed Senator Breed's land colonization bill. The stage of the measure in the lower house surprised its advocates. Two hours were spent in argument upon the measure, which proposes to create a state land settlement board with a \$500,000 appropriation to be used in the purchase and improvement of 10,000 acres. After development, the land is to be parceled out in small holdings to experienced farmers and farm laborers upon a basis of annual payments over a period of up to forty years.

The measure had the backing of the state council of defense as part of its "back to the land" program.

By midnight last night the Assembly had disposed of all but 125 of the sixteen hundred bills with which it started the second half of the present legislative session.

Defeat was administered a bill by Senator Lyon to require all buildings equipped with fire escapes to provide some suitable means of connecting the lowest landing of the escapes with the ground in emergencies.

Bills passed by the Assembly last night included:

By Senator Gates—Relating to the regulation of real estate brokers and dealers.

By Senator Chamberlain—Adding a new section to the penal code relating to embezzlement, removal and disposal of leased property.

## Police Too Busy For Session Chiefs Postpone Convention

With every police department in the United States taxed to its capacity in the present crisis, the International Association of Chiefs of Police convention and the recently held convention of the Criminal Investigation Association, which were to be held jointly in Kansas City on June 5, 6, 7 and 8, have been postponed "until a more appropriate time," according to word received today by local officers of the two organizations.

Chief of Police Walter J. Peterson, who is vice-president of the police organization, and Harry H. Caldwell, president of the association for criminal investigation, received notice from H. H. Hamill, chief of police at Kansas City of the decision. The conventions were called off by Michael T. Long of Newark, N. J., who is president of the Chiefs of Police Association. Caldwell is in charge of the investigation bureau in the Oakland police department.

## TAX PLANS ARE STILL DEBATED

WASHINGTON, April 28.—Unexpected delay in the ways and means sub-committee meeting prevented completion of the war revenue bill and Democratic Leader Kitchin said that it was doubtful if a report would be made to the full committee before the sub-committee hearings were abandoned in the interest of time.

It is becoming more evident that the excess profits and corporation taxes will be the biggest bones of contention in the committee. The sub-committee is far from agreed and it is not unlikely that it will report out some unsatisfactory proposal merely to get the question before the whole committee. The proposal which will be reported looks to a flat increase in the excess profits not touched by the present law. Sixteen per cent of all profits above the present eight per cent, or the \$500 exemption, is one plan under discussion.

## WILL GIVE PLAY

"Brage," a Danish singing society of this city, will give a musical comedy entitled "The 1917" Tuesday night at 8 o'clock tomorrow night in the Danish hall at 164 Eleventh street, at 8 o'clock tomorrow night. Doings of the Danish colony will be humorously reviewed in the play, the author of which is Niels Christensen. He has also written comic songs to the old Dutch melodies, which will be rendered. Conrad Andersen, musical director of "Brage," will have charge of the musical program.

Marius Schmidt and K. Boysen have painted the scenery. In the cast will be Fred Lassen, K. Boysen, Martin Otto, N. P. Nielsen, Anton Otto, P. M. Pedersen, Miss Mathilde Otto, Mrs. Sofia Christensen and Miss Betty Otto. This is the committee of arrangements: P. Pedersen, M. Christensen, N. P. Nielsen, K. Boysen and Miss Nina Kerr, accompanist.

## ANNUAL BALL HELD

White's Preparatory school in Berkeley held their annual fraternal dance at the Home Club last evening. Flags were used in decorating the hall and during an interval in the dancing a large flag was unfurled under a spotlight. Making George, Henry Hockley, B. C. Allen Jr., F. Smith and E. T. Young formed the arrangement committee. Patronesses were Mrs. B. C. Allen, Mrs. H. B. Hockley, Mrs. J. H. White, Mrs. M. B. Gilliam, Mrs. W. O. French and Mrs. C. J. Geary.

## MOTIVE SOUGHT IN MURDER CASE

SEATTLE, April 28.—Ammepting to show a motive on part of Mrs. S. A. Hewitt for dealing the death of her husband's trial through three women witnesses. Evidence was introduced to show that Mrs. Hewitt disliked the children and that Hewitt displayed affection toward them.

The witnesses were Mrs. Minnie Daniels of Everett, a former neighbor; Gertrude Shields and Mrs. Peter Karis, who lived in the Hewitt House at Auburn.

The state rested its case at noon after Dr. F. S. Bourne testified that analysis showed blood on the overcoat Hewitt is alleged to have worn on the night of January 27. The bodies of the four children were taken from the burning home early in the morning of January 28.

## OUTLINE CASE

NEW YORK, April 28.—Federal prosecutors in conference last night outlined the government's course in the prosecution of Captain Fritz von Rintelen, David Lamar, six others, including two former congressmen, accused of conspiring to violate the law in forwarding strikes in munitions plants engaged upon contracts for the entente allies.

Beginning Monday, Judge Cushman announced, the cases will be pushed ahead rapidly, possibly through night sessions. It is expected a jury will be selected before the close of the morning session Monday.

## EXILES TO RETURN

SAN FRANCISCO, April 28.—Five thousand Russians, exiled during the rule of the Romanoffs, will return to Russia through San Francisco during the next few months, Russian Consul General A. M. De Wyndoff announced today. The new Russian government has invited home all exiles and is paying their transportation and expenses. The consulate here is besieged with applications from those wishing to return.

## ON CASUALTY LIST

OTTAWA, Ont., April 28.—The names of eight Americans killed in action in the first week of the war are on the casualty list made public by the war ministry. Among the Americans killed in action are Private F. A. Barrat of Portland, Ore.

## STATE NAUTICAL SCHOOL ASSURED

SACRAMENTO, April 28.—The Senate last night passed the bill creating a state nautical training school in San Francisco. The purpose of the school, which will receive federal aid in event the measure is signed by the governor, is to train young men to become officers of the merchant marine. The bill, carrying an appropriation of \$25,000, will take advantage of a federal act which provides for an equal appropriation. The navy department will furnish a vessel to be used as a training school and also will assign officers as instructors.

Although some objection was voiced against the bill, the Senate passed it by a substantial majority. The bill provides that no county shall increase the amount of its tax for the previous year by more than five per cent. Provision is made, however, that consent may be obtained to go beyond the five per cent limit by obtaining consent of a state authorization board which is created to act in such matters. The city and county of San Francisco is exempted from the bill by reason of its consolidated government, but may come within the purview of the law by resolution of the supervisors.

The three proposed constitutional amendments adopted were:

By Carlson—Enabling act for the legislature to extend its authority over the cities.

By Morris—Permitting the enactment of legislation more definitely defining the liability of stockholders and directors.

Among bills passed were the following:

Sankersville—Providing for the enforcement of the law prohibiting the sale of impure milk.

Gebhart—Providing for the inspection of slaughter houses.

Argabrite—Requiring assessors to make assessments by school districts instead of by townships as at present.

By Ryan—Increasing salary of state librarians from \$3600 to \$5000.

By Ambrose—Creating a state bureau of identification as a clearing house for commercial records; carries appropriation of \$36,000.

By Morris—Concurrent resolution urging the suppression of motion pictures which tend to inflame race prejudice.

## EXEMPT FARMERS

SACRAMENTO, April 28.—The Senate last night concurred in an assembly amendment to the workmen's compensation bill which exempts farmers from the provisions of the act. The inclusion of farmers in the measure was fought out on the floor of the Senate. A few days ago and an amendment exempting them was adopted. The Senate thereupon refused to recede from its position including the farmers and the matter went to a conference committee. This committee agreed to leave out the agricultural interest. The bill now goes to the governor. Various provisions which materially strengthen the present law were approved, however, by both houses.

## DYING, MYSTERY

LOS ANGELES, April 28.—While Arthur Dennison, 26, lies near death at the receiving hospital today with a bullet wound through his body, police authorities are working to solve a mysterious revolver battle near Beverly Hills last night.

Dennison was found unconscious in front of a drugstore at Gardiner Junction at eight o'clock after the gun fight. He told the police he had ridden four miles on his motorcycle after being shot by strangers near Sherman.

## NORMAL SCHOOL SITE COMPROMISED

SACRAMENTO, April 28.—By unanimous vote in the assembly and with only five dissenting votes in the Senate, the Legislature last night settled San Francisco's controversy over the selection of a site for its proposed new normal school building. Common ground for an agreement was found in the report of a committee on free conference which announced the Kehoe compromise bill by providing that the site for the new normal building shall be on the exposition grounds, but that no part of the \$450,000 appropriation shall be used for the rehabilitation of the old California building.

The controversy over the San Francisco normal school project began early in the session. Assemblyman Burke introduced bills selecting the exposition grounds as the site and the California building thereon for school purposes. Opposed to them was Senator Nelson's bill appropriating \$300,000 for the construction of a new school on its present site in the residential district.

Nelson's bill passed the Senate, but died in the assembly ways and means committee, and the Kehoe bill, which introduced amendments that suited neither house, finally was passed tonight.

## AID IS LIMITED

SACRAMENTO, April 28.—The Scripps Institute for Biological Research has been denied an appropriation of \$50,000 for the next two years by the legislature. The finance committee, appropriating more than a million for defense bonds, passed up the fact that the institute studies numerous other measures. Assemblyman Baldwin and Senator Luce both called attention to the fact that the institute studies more about the help industry than any other body, and as help is invaluable in the manufacture of chemicals and explosives—something highly necessary in time of war—a more thorough investigation of the possibilities offered by this company is highly essential.

Sensor Luce succeeded in exacting a promise from the state board of control to give a hearing to a \$50,000 appropriation for the University of California to the institute, but at the best this amount will not permit the institute to proceed with its work to the proper extent, or to such a degree as would have been possible through the \$50,000 appropriation.

## CURED

Since DR. DUNNIE FAY WOO, the most eminent Chinese Specialist on the Pacific Coast, came to Oakland to practice he has demonstrated his ability by curing the most stubborn cases. For 20 years he has practiced in San Francisco, among THE CHINESE ONLY. He is rapidly building up a big practice in Oakland.

Within the past week, Martha M. Jensen, 137 Harrison St., Oakland, Mrs. M. Cresmore, 866 Eighth St., Oakland, and John Harper, Washington St., were cured. Mr. Harper suffered for 2 1/2 years and was given up by the best physicians before he came to Dr. Dunnie Fay Woo.

Consultation and diagnosis free. Office hours 8 to 6, Sundays 10 to 12. DR. SING HERB CO. 491 Tenth St., N. Washington St., Oakland, California.

## DISTRIBUTE GIFTS GUARDSMAN SHOT

SACRAMENTO, April 28.—The Senate last night passed the bill providing for the distribution of gifts of silver service and jewelry to its leaders and appointive officers. Senator A. H. Reed, president of the upper house, was the recipient of a seven-piece silver service. As a humorous diversion Senator W. C. Scott, chairman of the committee on military affairs, presented to Senator Lester C. Burnett of San Francisco, a commission as judge advocate of the committee, with rank of colonel.

## REVENUE SHOWN

NEW YORK, April 28.—Total operating revenues of the New York New Haven & Hartford Railway Company for 1916, according to annual reports, amounted to \$30,432,167; an increase of \$10,325,531, or 11.73 per cent, with net revenues of \$26,050,138, a gain of \$1,325,703.
